BEACH BLANKET VOLLEYBALL

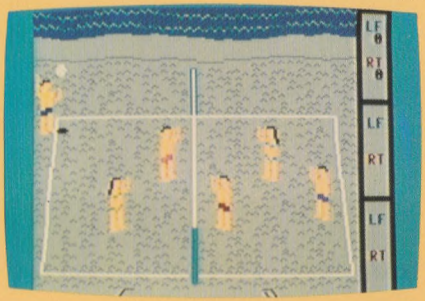
by Walter La Croix



Grab your blanket, suntan lotion, radio, ...and, of course, your computer. Join the crowd at the beach, with BEACH BLANKET VOLLEYBALL, our version of 3-on-a-side volleyball. BEACH BLANKET VOLLEYBALL will bring the sand and the action onto your screen, as you scramble to return an incredible shot or jump to deliver one. Timing and strategy are critical as you try to remain in position and set up the next shot. Finding an opponent is the least of your worries. Play against a friend, or against the computer at any of nine levels of difficulty.
